A message from the CEO

Joanne Jessop

Donations, large and small, help to build houses and open doors. The generosity of people donating to Multicap is helping to raise funds to build four houses across Queensland; at Rockhampton, the Gold Coast, Brisbane north and Brisbane south.

Our goal is to raise \$400,000 this year to provide a home for life for sixteen people living with high needs disabilities, who like David, need support.

David has been a long term resident of Multicap, living in various accommodation housing. Last year David moved to live in his own two-room flat that was modified to be wheelchair accessible, enabling him to be independent whilst continuing to access Multicap services and be an active part of the community.

To support people like David, Multicap needs your help for our Home4Life campaign to raise funds to help furnish and purchase specialist disability equipment for four purpose built homes.

We have currently raised \$240,000 but we need your help to reach our goal. Head to www.multicap.org.au to learn more about our services and to DONATE! Be a donor and make a world of different to the life of a Queenslanders living with high needs disabilities.
